MEMORANDUM FOR: 1. [REDACTED]  
2. [REDACTED]

I received today the program for the "Electron, Ion and Laser Beam Technology Symposium" to be held at the National Bureau of Standards on May 21, 22, and 23. After reviewing the program, I withdraw my request to register for this symposium.

I do still want very much to attend the "Laser Application and Engineering Conference" at Hotel Statler on May 26-28. I have the program and find the conference very useful. [REDACTED] has the program at this date.
